<p><b>Copyright for US music.</b> The copyright situation means that only about 5% of arrangements in the BHS catalogue are available to buy directly.</p> <p><b>BABS Music Advice Service (MAS)</b> can get hold of a reference copy of any BHS music for members to review prior to gaining copyright cover. There is no real distinction between what was called (and still is in the USA) published and unpublished music. All have to be handled in the same way if restricted to the USA and Canada. The price shown here is therefore a range covering what can be achieved buying the copyright from the UK owner of the print rights.</p> <p><b>MAS contact</b> musicadvice@singbarbershop.com</p>	<p><b>£ 1.50 to £ 2.50</b></p>
